FRUIT TREE SEEDLINGS
FALL 1935-SPRING 1936

LIBRARY
RECEIVED
JUN 20 1935

ALL QUOTATIONS are for immediate acceptance, subject to stock being unsold, and without liability to us should injury befall the stock from frost, hail, fire or other causes beyond our control. Prices are net, boxing and baling additional, or f.o.b. cars in bulk.

If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock. We express or imply no warranty as to productiveness or life of the nursery stock we sell.

Goods travel at purchaser's risk and expense. No claims for errors or discounts allowed unless made within ten days after receipt of goods.

At the present time we have prospects for a fair supply of Fruit Tree Seedlings, both Western and Kansas Grown. Our Seedlings are backed by fifty years growing and handling experience.

Last year Fruit Tree Seedlings of most kinds were a short crop and the indications are there will not be very much surplus for next Spring's plant. We advise placing orders early in order to be sure of securing the stocks you need.

Prices we are offering are very reasonable and we do not anticipate lower prices. Our quotations are for immediate acceptance and SUBJECT TO CHANGE WITHOUT NOTICE.
